### 1. Improve your grades with ease and flexibility

It has been proven by years and decades of implementation that test and examinations preparation from solving past questions and tutorials contribute to examinations success and improved performance. EasiPREP takes the preparatory model further to utilize the internet and computers to facilitate test and examinations preparation through simulated test and examinations and related resources and materials in a delivery model that is very flexible and easy to use. Students can practice on laptops at any hour of the day and at any location with convenience and assured access to quality test and examinations preparation materials and resources.

### 2. Guaranteed accurate answers and testing materials

EasiPREP utilizes experienced teachers and examiners with proven track records as resource persons to provide answers and solutions to past questions used in our simulated tests and exams. In addition, we have a 12-Member Content Advisory and Certification Board comprising of retired and active teachers and examiners with decades of experience to scrutinize and approve content in our preparation, tests and revision documents. Thus students can be rest assured that they have accurate answers and solutions to test or exam practice questions and have the best available explanation from professionals and not charlatans or everyday in-experienced people seeking to make a quick buck in the test or examinations preparations business.

### 3. Simulated testing with timing and resources

The reproduction of testing environments help students to get accustomed to pacing and other examinations or testing issues that boost confidence and performance. EasiPREP provides simulated multiple-choice tests and examinations for online and offline practices that gradually, as the old adage goes, make the students perfect and greatly improve their examination scores. The simulations include detailed reports on performance and allow question reviews and monitoring of performance through repeat tests.

### 4. Lots of bonus materials beyond simple test simulation

EasiPREP offers more than simple multiple-choice examinations and test simulation. Everyone reasonable involved with education at the secondary and post-secondary level

knows that preparation for subjects in the SSCE, NECO, TOEFL, GMAT, etc go beyond just multiple-choice and include essays, listening comprehensions and theory questions. Thus EasiPREP offers additional preparatory materials to test simulation via downloadable files, sample essays, worked examples and an essay scoring service known as Essay Prep. In addition, our EasiADVANTAGE<sup>TM</sup> program includes newsletters, forums and bulletins where questions are answered and additional invaluable information provided to students in an all-round preparatory strategy.

## **5. Affordable pricing model**

We offer an affordable pricing model that includes subscriptions for calendar months or years. Compared to some programs around the world offering test preparations and online simulations, our model offers benefits in the affordability of pricing plans and the fact that the pricing plans take into consideration academic periods and not specific usage counts.

## **6. Easy to use. Anywhere. Anytime.**

The EasiPREP service including simulated examinations and tests is very easy to use and requires little learning or computer expertise. It offers online practice for those who have easy access to the internet and does not require the download or installation of any major or proprietary software. All that is required is an internet browser, allowing the tests and examinations practice to be carried via dialup internet or even in public internet cafes. PC-based materials are also available for practice on computers without internet access and there are online forums to answer questions and assist students with difficult questions or issues.

## **7. Get a head-start on the iBT and CBT bandwagon**

The future of mass tests and examinations from post-secondary school to the post-graduate level in the rapidly evolving modern world is clearly pointing towards CBT (computer-based tests) and iBT (internet-based tests). Clear examples are the TOEFL, GRE, GMAT and other tests administered by the US-based ETS (Educational Testing Services Inc). Another example, particularly in Nigeria, is post-JAMB examination offered by universities, which already adopting the CBT spirit. With EasiPREP, you start working in that future direction right from now, to get a strong head-start on less smarter fellows who would wait until the paper-based tests are finally and completely retired.
